FALL - WINTER

2024 Collection

SUPERIOR WEAVING QUALITY

Our tightly woven tablecloths feature delicate patterns, showcasing an unparalleled level of refinement. This weaving technique, often referred to as “High Thread Count,” uses a greater number of threads, which not only enhances resistance but also unmatched finesse in the patterns, great brightness, and softness in the fabric to the touch.

100% LINEN

An ultimate natural material, less water-intensive than other fibers, linen is known for its durability. More challenging to weave than cotton, this fiber requires expertise and technical mastery to achieve both flexibility and shine.

GREEN SWEET STAIN RESISTANT TREATMENT

This innovative stain-resistant treatment ensures easy and coast-effective use of linens in everyday life. Invisible to the eye and to the touch, Green Sweet provides effective and long-lasting protection against stains.

AVAILABLE IN COATED COTTON

Coated Cotton fabric is a 100% cotton woven fabric covered with a double layer of waterproof acrylic for easy everyday use:
just a quick wipe with a sponge is all it takes!

MADE-TO-MEASURE CREATIONS

Garnier-Thiebaud provides a wide selection of customizable patterns. For inquiries about feasibility, pricing, and ordering details for these special creations, please contact our sales team.

TWO-PLIED YARN

The use of plied yarn in weaving our tablecloths ensures superior quality. Plied yarn, formed by twisting two threads together, makes the fabric stronger, improves mechanical resistance, enhances brightness, and ensures better durability.

Inspired by nostalgic fragrances, this *fall-winter* collection brings childhood memories to life. It’s lively, warm, and invigorating, just like a walk through our emotional landscape.

This collection offers an intimate olfactory journey, enriched by scents and awakened by flavors.

Imagine the call of the forest, the earthy aroma of rain on wet soil recalling early explorations, and the comforting smell of toast in grandma’s kitchen. It’s an exploration of meaning through the cherished aromas of our most treasured memories.

Paul de Montclos,
CEO of Garnier Thiebaud
