The *Feel Good* Perfumery

Feel Good perfumery

We believe that a fragrance has to do more than just smell nice!
Much more, in fact: it connects to your emotions and your personality,
to reveal the true essence: you!

**«Our fragrances are
real mood-enhancers»**

WELCOME TO **OUR HAPPY LAB**

SOLINOTES IS A **SUNNY AND COLORFUL** COLLECTION OF FRAGRANCES

RAINBOW PRODUCTS

to keep you on the sunny side of life.

Ever since it was founded, Solinotes has capitalised on the power of colour to bring more and more positive energy to its customers. Colors influence our lives on a daily basis!

They have the power to make us experience all kinds of emotions.

SUPER INGREDIENTS

that care for you.

A little like aromachology, the Solinotes range is a rich and varied palette of fragrances to act on the optimism and mood of our **consumers.**

MOOD-BOOSTING FRAGRANCES

for an unexpected lift.

Scents affect our MOOD and emotions. Inhale, experience, one memory followed by another, a feeling that's ultra-real, like an instant shot! This is the "superpower" that Solinotes encapsulates within its 26 fragrance creations.

WORKING TOWARDS **RESPONSIBLE BEAUTY**

We Deeply believe that a mood-enhancing fragrance can only be a CLEAN fragrance. This is why our fragrances only contain the essential:

Alcohol from natural origin, perfume and a splash of water, and nothing else!

Vegan, PETA-approved, and 100% Made in France, they are as good for your skin as they are for our planet.

With these commitments, we are showing our desire to create simple and authentic feel-good perfumery – values that are close to our heart.
