Our mission :

**IMAGINING, FOR TOURISTS
FROM ALL OVER THE
WORLD, SOUVENIRS
THAT MAKE YOU SMILE!**

Our CSR Commitments

At Little Souvenir, we believe souvenirs can do more than just bring back memories — they can also make a difference.

1	Celebrating French craftsmanship		Each product highlights local artisanship and iconic French design.
2	Inclusion & solidarity		We proudly collaborate with ESATs (workshops employing people with disabilities) for printing, logistics and packaging, helping to promote social integration.
3	Environmental responsibility		We prioritize low-impact production, minimize plastic use, and favor recyclable or biodegradable alternatives. Most of our products are made in France or Europe, helping reduce our carbon footprint.
4	Supporting heritage & culture		We design meaningful souvenirs that reflect French culture and help younger generations connect with their heritage.
5	A responsible purchase, with purpose.		Our mission is to reinvent the souvenir as a thoughtful object — one that brings joy, tells a story, and contributes to a more respectful world.

Bon appétit
