FR Depuis plus de deux décennies, Cinabre Gallery crée et fabrique des meubles d'Art et luminaires singuliers inspirés par la nature.

Nos collections préservent le savoir-faire ancestral de la fonte de bronze au service d'une création résolument contemporaine.

À travers l'utilisation de métaux nobles et de cristaux uniques tels que la sélénite ou le quartz, nous façonnons à la main des pièces singulières, pensées pour apporter une élégance intemporelle et un caractère inégalé aux espaces les plus raffinés.

Chaque création, réalisée avec le plus grand soin, est envisagée comme un dialogue unique entre texture, matière et forme.

EN Since more than two decades, Cinabre Gallery creates and manufactures Art furniture and lighting inspired by nature.

Our collections safeguard the ancestral know-how of bronze casting in the service of contemporary interiors.

Through the use of noble metals and unique crystals such as selenite or quartz, we handcraft singular pieces designed to bring a timeless elegance and unparalleled character to the most refined interiors.

We craft our pieces with the utmost care and see each one as a unique dialogue of texture, material & form.

La Fonderie

La fonderie de bronze, pilier du savoir-faire de la maison Cinabre, incarne un artisanat ancestral où l'inspiration prend forme dans des créations durables et exceptionnelles. Chaque pièce naît d'un moule soigneusement sculpté à la main, révélant des textures délicates et des formes organiques. Plus qu'un simple procédé, la fonderie est une véritable métamorphose de la matière brute en œuvres d'art intemporelles, chaque création portant l'empreinte unique d'un artisanat d'excellence.

The Foundry

Bronze foundry is a millennia-old craft allowing us to transform inspiration into enduring masterpieces. Each piece begins with a sculpted mold, capturing intricate textures and organic forms, which is then expertly cast using time-honored techniques. This exceptional process ensures every piece is a unique expression of unparalleled craftsmanship and enduring beauty.

The image displays three identical pendant lights against a light gray background. Each light fixture consists of a square metal canopy mounted to the ceiling, a chain of square links, and a rectangular glass shade. The central light is illuminated, casting a warm glow, while the two flanking lights are unlit.

CONSOLES

A close-up, high-angle shot of the corner of a console table. The table features a dark, heavily textured top, possibly black leather or a similar material, which is framed by a thin, polished brass or gold-colored metal strip. The table's legs are also made of this same polished metal, showing a warm, reflective sheen. The background is a plain, light-colored surface, providing a stark contrast to the dark, textured table top.

FR Service sur mesure

Notre service sur mesure vous invite à personnaliser nos modèles de catalogue selon vos envies. Que ce soit pour ajuster les dimensions, réimaginer les couleurs de patine, affiner les formes ou intégrer des détails adaptés tels que des électrifications spéciales, des socles ou des éléments décoratifs, chaque pièce est soigneusement adaptée à la main. Ce processus allie votre vision à notre savoir-faire, garantissant que chaque création s'intègre parfaitement à votre intérieur.

EN Bespoke Service

Our bespoke service invites you to make our catalog models truly your own. Whether it's adjusting dimensions, reimagining patina colors, refining shapes, or incorporating tailored details like special electrifications, bases, or decorative elements, each piece is carefully adapted by hand. This process marries your vision with our craftsmanship, ensuring that every creation aligns seamlessly with your interior.
