PARIS

2025 TEASER

Cinabre Gallery

Since more than two decades, Cinabre Gallery creates and manufactures Art furniture and lighting inspired by nature.

Our collections safeguard the ancestral know-how of bronze casting in the service of contemporary interiors.

Through the use of noble metals and unique crystals such as selenite or quartz, we handcraft singular pieces designed to bring a timeless elegance and unparalleled character to the most refined interiors.

We craft our pieces with the utmost care and see each one as a unique dialogue of texture, material & form.

The Foundry

Bronze foundry is a millennia-old craft allowing us to transform inspiration into enduring masterpieces. Each piece begins with a sculpted mold, capturing intricate textures and organic forms, which is then expertly cast using time-honored techniques. This exceptional process ensures every piece is a unique expression of unparalleled craftsmanship and enduring beauty.

FR Service sur mesure

Notre service sur mesure vous invite à personnaliser nos modèles de catalogue selon vos envies. Que ce soit pour ajuster les dimensions, réimaginer les couleurs de patine, affiner les formes ou intégrer des détails adaptés tels que des électrifications spéciales, des socles ou des éléments décoratifs, chaque pièce est soigneusement adaptée à la main. Ce processus allie votre vision à notre savoir-faire, garantissant que chaque création s'intègre parfaitement à votre intérieur.

EN Bespoke Service

Our bespoke service invites you to make our catalog models truly your own. Whether it's adjusting dimensions, reimagining patina colors, refining shapes, or incorporating tailored details like special electrifications, bases, or decorative elements, each piece is carefully adapted by hand. This process marries your vision with our craftsmanship, ensuring that every creation aligns seamlessly with your interior.
